

Container Lifting Lug CLB Grade 8

Product information

Container lifting lug set for lifting standard containers. They are to be mounted horizontally to the side of the container at either the top or the bottom fixing holes.

A set contains 4 lifting lugs (2 left-, and 2 right - turned lugs) and are to be used together with a lifting beam.

Features:

- Provided with spring-loaded bolt which prevent the lug to unhook when the slings are unloaded.
- Lugs marked with max. load and angle of working
- Lugs marked with "R" for right hand lugs and "L" for left hand lugs.

Material: Alloy steel.

Marking: According to standard, CE-marked

Temperature range: -40°C up to +100°C

Finish: Painted.

Standard: EN 13155

Warning: Not for toplift (in the hole facing upwards).

Safety factor: 4:1

Grade: 8
