

One Way Lashing

Product information

The One Way Lashing System offers a high yet economic method of lashing cargo when conventional lashing systems cannot be retrieved at destination for re-use. The tensioning tool attaches to most webbing and is fast and easy to operate. In the LC column the lashing capacity is indicated in combination with lock and webbing.

| Part code | LC kN | LC daN | MBL | Band width mm | Description | STF daN | Delivery time |
|-----------------|----------|-----------|-----|------------------|-----------------------------|------------|---------------|
| 703500200500130 | 10 | 1,000 | 2 | 50 | WLS-lock 50 pcs/pack | - | 10 |
