

Cablegrip LE Single Eye

Product information

General: A robust sock to pull any wire rope and wire in pure aluminum or copper. Has extra long braid in sections of triple-double and single wire. The model has a soft eye to fit a swivel. To counteract attrition, and increase the life time the sock is fitted with aluminum collars.

Design: Intertwined - triple, double and single.

Material: : Steel wire - galvanized.

Warning: Margin of safety is applied to all specified breaking loads. Additional safety factors, depending on area of use should be applied. CERTEX recommends a safety factor of 3:1 for horizontal pulls and 5:1 for overhead pulling. The breaking load varies with the material, shape, and also the diameter of the product.

Part code	Diameter mm	Rope Ø range mm	MBL ton	Length Net	Eye length mm	Weight kg	Delivery time
