

## Lifting Fork for Concrete Road-barrier Elements

### Product information

Lifting fork for handling concrete road-barrier elements.

**Design:** Welded hollow-beam design with fixed lifting plate offers light weight and simple handling, without the need to reconfigure for loaded or unloaded lift positions.

**Proof:** Batch proof 1,5 x max last.

**Material:** Hollow beam and plate of high-strength structural steel.

**Marking:** CE-marked, Maximum load.

**Finish:** Yellow painted.
