

Lifting Fork for Concrete Road-barrier Elements

Product information

Lifting fork for handling concrete road-barrier elements.

Design: Welded hollow-beam design with fixed lifting plate offers light weight and simple handling, without the need to reconfigure for loaded or unloaded lift positions.

Proof: Batch proof 1,5 x max last.

Material: Hollow beam and plate of high-strength structural steel.

Marking: CE-marked, Maximum load.

Finish: Yellow painted.
