

Manual Chain Hoist KITO CF Series

Product information

KITO

The KITO chain block CF with working loads up to 3000 kg is a light weight tool. The double covered housing protects the gear from dirt and water. High quality bearings enable a long term service. The precision gear is constructed to use the block with low exertion.

Material: High impact aluminium housing, nickel-plated load chain in grade 10, steel hand chain.

Marking: Type plate with WLL, CE-marking and serial number.

Finish: Surface treated aluminium.

Safety factor: 4:1.
