Super Reeve Connector Socket SCS - with bolt

Product information

A revolutianary evolution of the Fast Connector Socket. This socket line has the smallest connector diameter available inthe market today, and still meets the respective EN standards. It has been designed to go through the smallest spaces in a crane reeving system.

This unique patent pending design allows refitting by pouring in the field, saving valuable down time compared to swaging techniques.

The standard finish of our sockets is blue. Hot dipped galvanized is also available
