INDIROPE 6xK26WS-IWRC

Produktinformation

NO PICTURE

6xK26WS - IWRC is a unique construction of steel wire rope, designed for use with the majority of pulling machines and winches this construction has a independant wire rope core (IWRC) and is of a compacted design to ensure smother running through a pulling machine and around pullys. These properties also make it ideal as a heavier duty Zip Wire, suitable for commercial applications.

SPECIFICATIONS

- Holds up extremely well to rough; rugged use
- Higher linear density
- Made from extra improved plow steel (EIPS) with an independent wire rope center (IWRC)
